From the Principal

School overview

The Yarraman P-9 State School vision is “Developing lifelong learners who embrace opportunities”. All members of our school community are valued and we welcome their involvement and support. Our commitment is to provide a quality education for all students by setting high expectations of engagement, academic rigour, achievement and improvement.

Our major focus for student learning is Literacy and Numeracy. These two areas are at the heart of our teaching. It is our goal for every child to succeed to the best of their ability through our provision of timely feedback, intervention and extension of all students. We offer broad learning experiences across the whole school. Due to our unique context of providing teachers across Prep - Year 9, primary students benefit from accessing specialist teachers in Music; HPE and Technologies. Our teachers are consistently reflecting on their practice and seeking opportunities to strengthen their skills and knowledge to continue to offer our students a tailored curriculum and pedagogy. Our teaching team is dedicated to making a difference for each child, every day.

As a small rural town, the community has high expectations of the school to provide opportunities for students to engage in a range of extra-curricular activities. Our student centred programs include an active Student Council; a wide range of sporting activities and representative opportunities; interschool sport days; stage bands, choir and instrumental music; a comprehensive wellbeing program; agriculture; outdoor education programs and various curriculum-based field trips.

Our school has strong partnerships with our community through our P and C. We have a commitment to the Early Years through our relationship with Yarraman Kindergarten and our delivery of playgroup once per week. The school leadership team consists of the Principal, Head of Department, Head of Curriculum and Business Manager. The school has a chaplain, a school-based health nurse; youth support worker, guidance officer and inclusion teacher, who provide support to our student community. The school accesses the provision of outside personnel to support young adolescents to guide their career and life choices.

Yarraman P-9 State School receives additional Investing for Success (I4S) funding that is calculated using student enrolments and loading components. With this additional funding, students have access to additional resources including smaller class sizes, a speech pathologist and attendance officer. Staff benefit from a Head of Curriculum and additional Non-contact time to complete extra professional development and implement school priorities.

Notes:

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

Average class sizes

Table 2: Average class size information for each phase of schooling

Phase of schooling	2017	2018	2019
Prep – Year 3	18	14	17
Year 4 – Year 6	24	22	23
Year 7 – Year 10	19	17	19
Year 11 – Year 12			

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community, Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Long suspensions – 11 to 20 days	0	1	2
Exclusions	2	1	2
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	87,775	72,137	82,543
Water (kL)	1,748		

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)

- 1 day in the third last week of Term 3 (fixed) on the student free day.
