COMMUNICATION

Communicating By Text Message

Yarraman P-9 State School believes that SMS text messages sent direct to and from your mobile phone are the best solution for student safety, attendance management and significant event reminders.

Benefits to You and Your Child

- If your child has not arrived at school, you need to know
- If your child shows any sign of poor attendance, SMS text messaging will immediately inform you that a problem may exist.
- You must have immediate notification in times of crisis.
- Sending a text message to the school is the most cost and time effective

How Parents can help

- Keep your mobile phone details up to date.
- Notify the school in advance when your child is absent.
- Respond to messages from the school.

SCHOOL WEBSITE

The website provides information on the school and is a useful tool for students and parents. For students, the site displays assessment calendars, handbooks, sports results, achievements and current news. For parents, the site displays newsletters, staff members and roles, P & C information and details about the school. Please visit the website at <https://yarramanss.eq.edu.au/>

SCHOOL NEWSLETTER – NEWS and VIEWS

Newsletters assist parents to gain knowledge of school activities. The newsletters are issued even weeks of term. The school newsletter is also available on our school's website and be emailed home.

SECONDARY STUDENT DIARY

Each student is issued with a homework diary. If a diary is lost or defaced, it must be replaced at the student's expense. Replacement cost is \$15. The diary is to be taken to all classes where it may be checked by the classroom teacher, Head of Department or Principal.

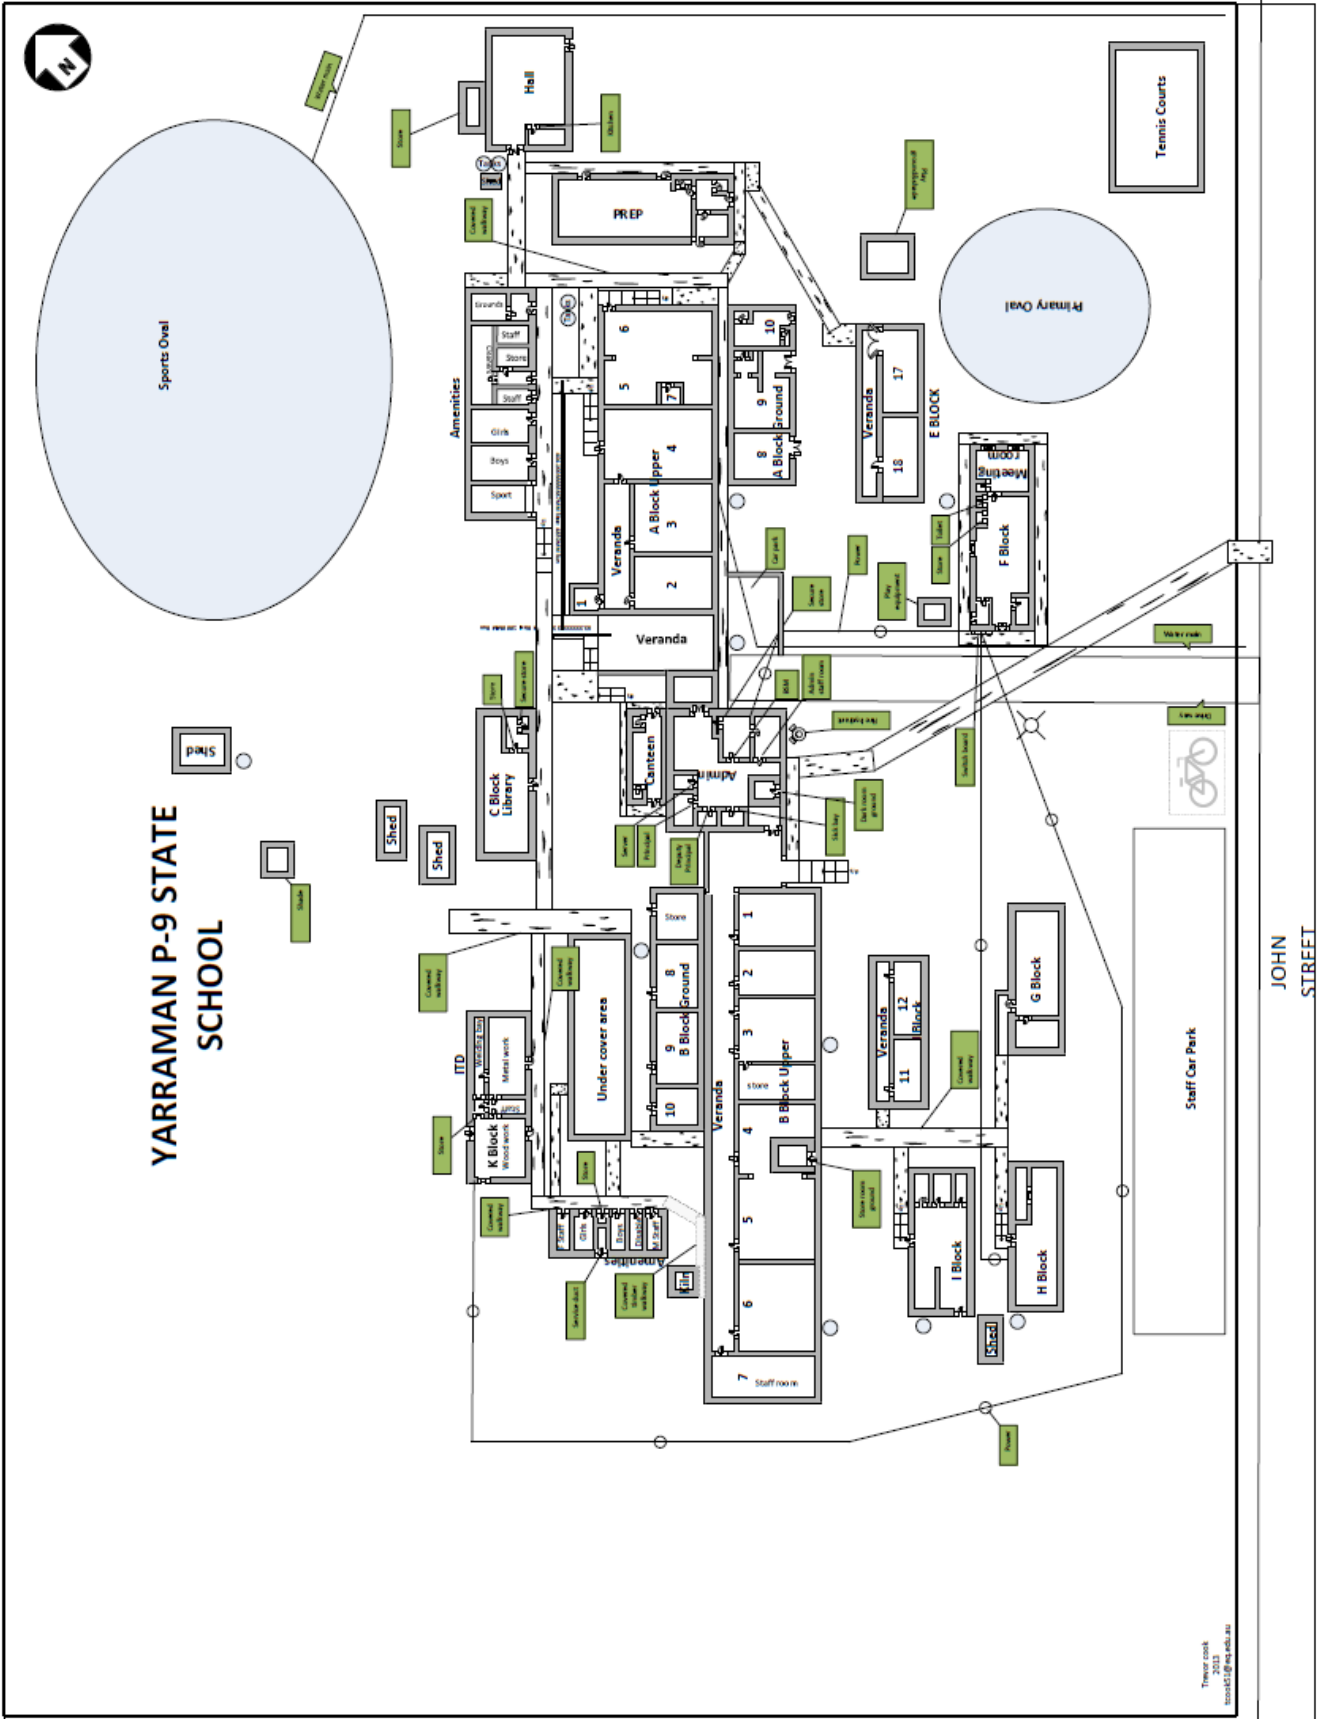

PARENT-TEACHER INTERVIEWS/REPORTING

Parent-Teacher Interviews are held twice a year to allow parents additional opportunity to discuss the progress of their children with teachers. Parents can make appointments for the interviews through the office. Report cards will be issued at the end of Semester 1 and 2.

OTHER INTERVIEWS

Interviews may be arranged by appointment with the Principal, Head of Department and Teachers. Please contact the Office on 4173 7333.

SCHOOL MAP

PARKING – ROAD SAFETY

The NO PARKING zones and BUS STOP zones are clearly marked and if cars are parked correctly then students' lives are not in danger when they cross roads on arriving and leaving school.

Please encourage your child to cross the road where the “Lollipop” person is. **DO NOT** call them across the road to your car.

Cars are not permitted to enter the school grounds to drop off or collect children unless with prior approval from the Principal. Staff parking is inside the front gate in front of the secondary classrooms and parent parking is available on John Street.

CONTACT DETAILS

It is very important we have up-to-date information so we would appreciate being notified of any change in parent/caregiver, home address and phone numbers, including home, work and mobile numbers. If we are unable to contact you please provide the school with contact details of a relative or friend. This will enable us to make contact quickly, if an emergency arises.

Parent/Caregiver and teacher communication can be made via phone call or email.

SCHOOL ASSEMBLY

Full school assembly is held in the school hall every week of the school term. They are held on Monday mornings at 8.45 am for Prep to Year 9 students. We encourage parents to come along and be part of our school assembly.

ATTENDANCE

Students enrolled at our school are expected to maintain high levels of attendance. Regular school attendance will mean that your child has a better chance in life. Your child will achieve better when they go to school all day, every school day.

1. They learn better
2. They make friends
3. They are happier
4. They have a brighter future.

Parents are encouraged not to schedule holidays during school time. If a family holiday is during school time, let the school know in advance and talk about what arrangements can be made for your child. Depending on the circumstances the school may be able to provide tasks for your child to complete while they are absent or assist you to organise an exemption from schooling.

ABSENCE

Parents/Caregivers of students who are absent from school for any reason are required to contact the School Office by note, sms or phone call. It is the responsibility of the student to catch up on missed work or assessment due to their absence. All absences are viewed as “unexplained absences” until an explanation has been received in writing, sms or via a phone call from parents/caregivers and the Principal will then make a decision whether the absence will be viewed as an “approved absence”.

PROLONGED ABSENCE – 3 days or more

Contact home will be made through one or both of the following ways:

- Office staff will contact parents/guardians by letter after a period of continuous absence of a student.

LATE ARRIVAL

Late arrival at school should occur only when exceptional circumstances prevail and should be explained by a note from a parent/caregiver. Students who arrive late must report to the Office. They will be issued with a late slip to enter class. Students arriving late without legitimate reason will be given a detention to make up the time lost.

EXEMPTION FROM SCHOOLING – more than 10 consecutive days

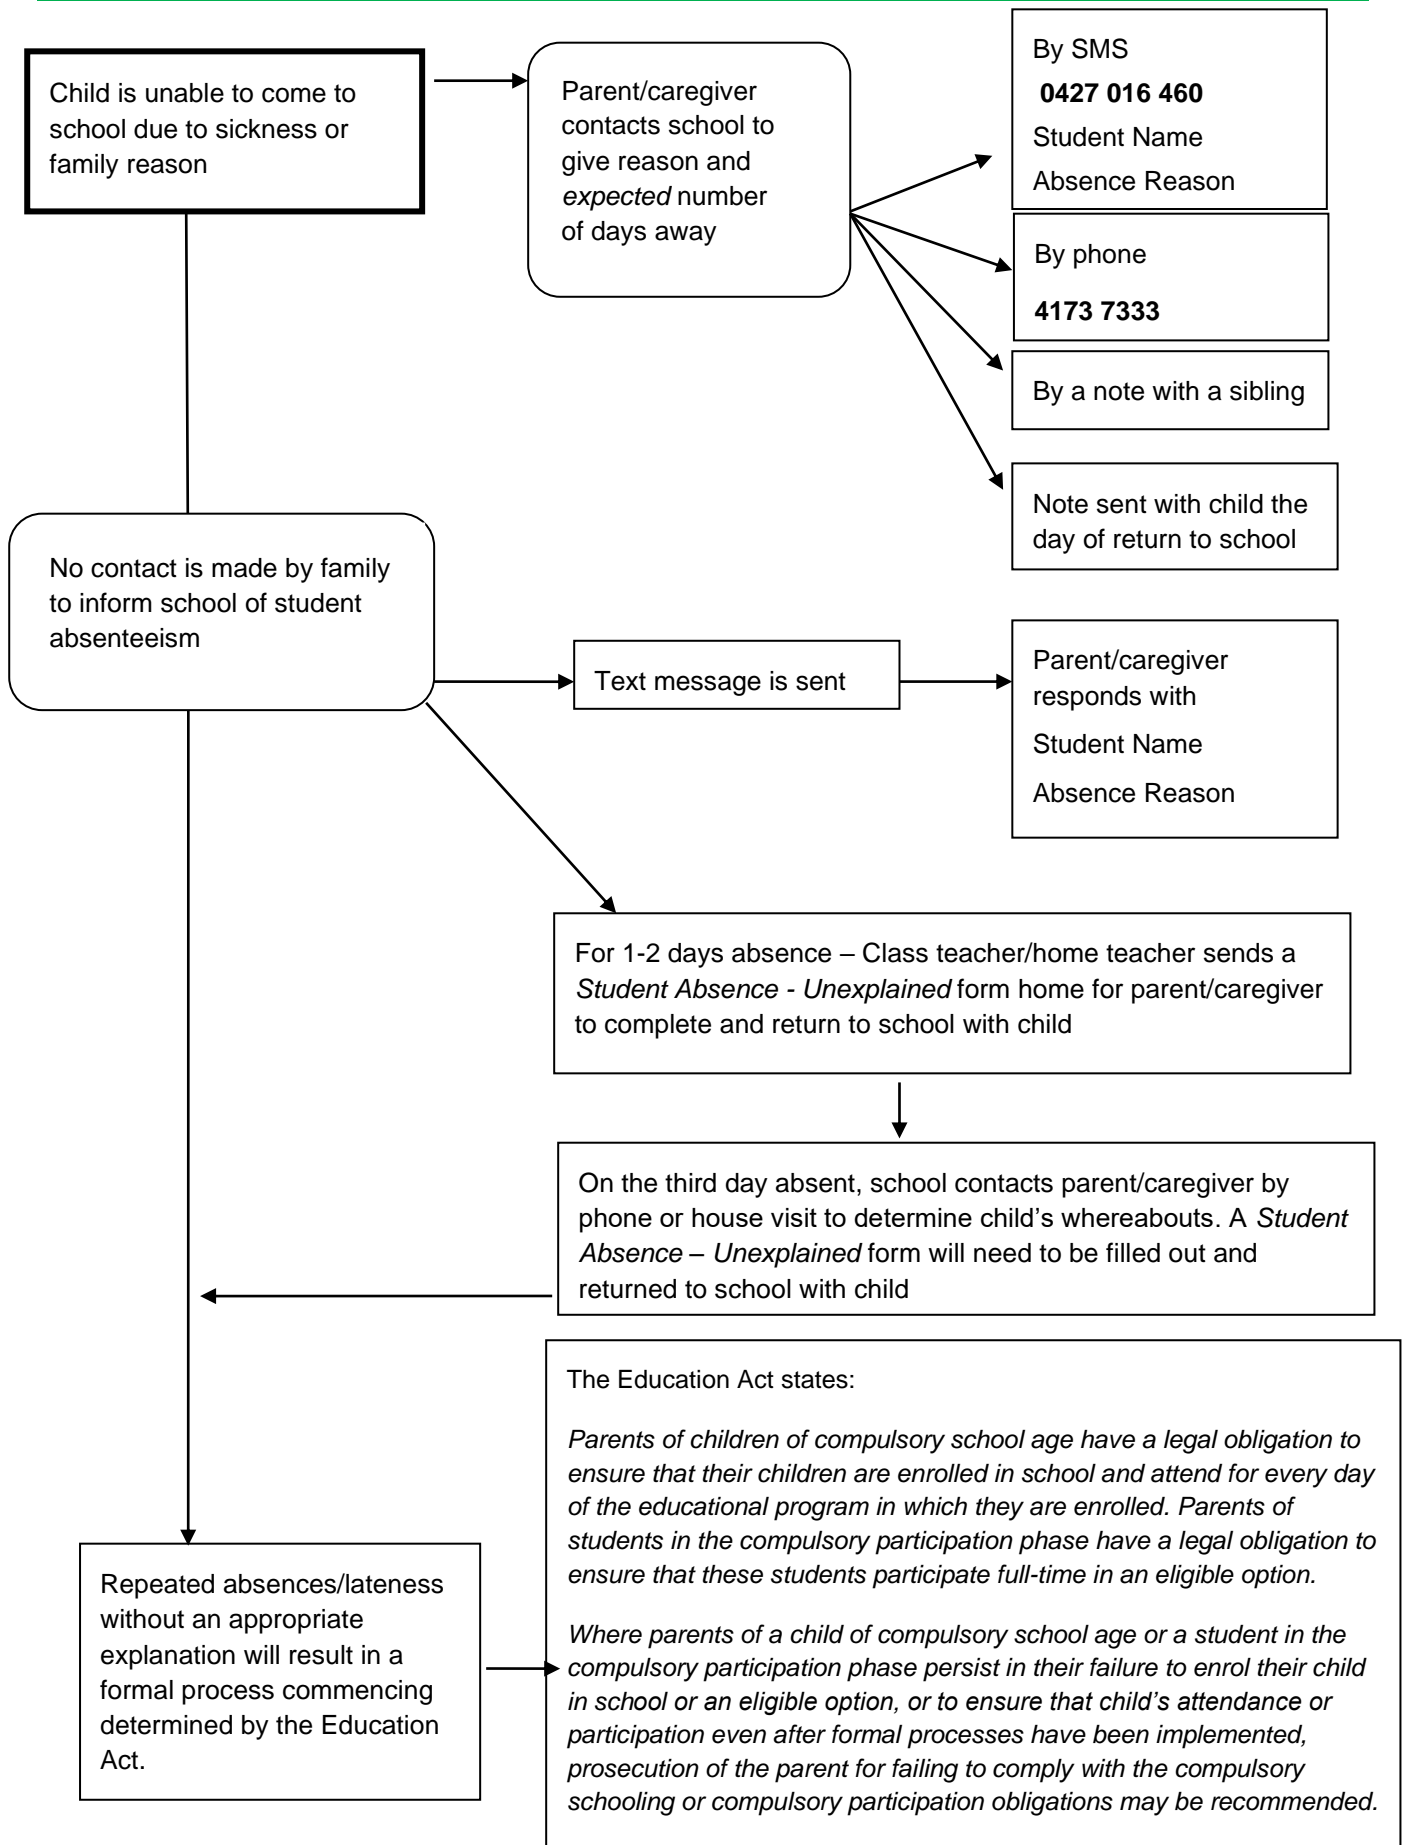

Every parent of a child of compulsory school age or a young person in the compulsory participation phase has a legal obligation to ensure their child is enrolled and attending school or participating in an eligible option. Parents can apply for an exemption from this obligation when their child cannot attend or it would be unreasonable in all the circumstances for their child to attend school or participate in an eligible option for a period of more than 10 consecutive school days.

Situations where an application for an exemption may be made include:

- Illness
- Family reasons
- Cultural or religious reasons

If your child is exempted from compulsory schooling, you are excused from your obligation in relation to compulsory schooling or compulsory participation. The school principal is not responsible for providing an educational program to your child, however they may provide advice on other educational options available.

If you require information regarding head lice, please do not hesitate to contact the school. The school nurse is also available for consultation, advice and assistance.

MEDICATION AT SCHOOL

Education Queensland and Queensland Health regulations govern administration of medication to students by school personnel. The key points which parents/caregivers should note and follow are:

- As a parent/caregiver, you must first make a written request indicating that such medication has been prescribed and is necessary to be administered during school hours or school approved activities. Forms for this are available from the office.
- Medication must be handed in to the staff in the school office.
- **Medication must be provided in the current container which clearly shows the written instructions from the pharmacist at the direction of a medical practitioner. Instructions must indicate specific times at which the medication is to be administered as well as the dosage.**
- At no time will medication provided for one child be administered to others, even if they are brother or sister of the child for whom the medication has been prescribed.
- **Non-prescribed oral medication such as analgesics or over-the-counter medications will not be administered by the school staff.**
- All unused medication will be returned to parents/caregivers only. At no time must a child keep medication in their school bags.

Inhalers

Many students use Ventolin inhalers at school for the prevention or treatment of asthma. Generally, inhalers are kept centrally in the office so that the spray is readily available when needed and is not used inappropriately or lost. If you wish your child to be responsible for their inhaler, the office must be notified and the appropriate form completed.

HEALTH ROOM

The school asks to be notified of any medical problems from which students might suffer. Students are also required to report to their teacher any accident they suffer or anything else that causes them distress. No medical treatment is permitted in the school except First Aid, which is given by office staff as immediate, temporary treatment in case of accident. A Health Room register is in place. Parents/Caregivers will be contacted by office staff if their child has a health problem and needs to be collected from the school.

ACCIDENTS

Ill or injured students are brought to the office, where it is appropriate for them to be able to move or be moved there. Parents will be contacted when necessary. It is important that parents ensure school records are kept up to date with emergency contact telephone numbers.

If necessary, the ambulance and/or doctor will be contacted. All students are now covered by the State Government Ambulance Subscription Scheme. If a doctor's consultation is needed and parents are unable to be contacted then the Principal can authorise such a consultation with costs being met by parents / caregivers.

POSITIVE BEHAVIOUR FOR LEARNING (PBL)

It is our aim at Yarraman P-9 State School to provide a safe, caring environment for ALL members of our school community. We recognise and appreciate that everyone has rights, but we also have responsibilities. At our school, we believe that it is most effective for school personnel and parents/caregivers to work together to provide a consistent approach to Positive Behaviour for Learning.

Each classroom will display, teach, and enforce a set of negotiated classroom expectations and consequences. A similar policy applies to the children when in the playground.

We have a few procedures to reward positive behaviours at Yarraman P-9 State School as we recognise and value the contribution our students make.

Our School Rules are based on the STAR VALUES – Students of Yarraman P-9 State School are:

HOMework POLICY

Our Policy Development

Our school's homework policy takes account of Education (General Provisions) Regulation 2006, Education Policy and Procedures Register (Curriculum Provision) CRP- PR- 010: Homework in State Schools, and our school community consultation.

Our Homework Policy

Our school supports homework being regularly set in Years 1 to 9, and in Prep from Term 2. We support the set homework being consistent with the best practice guidelines detailed below.

Where students (with their parent's/caregiver's permission and support) commit to complete the set homework, and it is not regularly completed, the following consequences will occur:

- parent contact
- student detention to complete

Why we set homework?

Homework provides students with opportunities to consolidate their classroom learning, pattern behaviour for lifelong learning beyond the classroom, involve family members in their learning, and teach responsibility. When homework is set, it will take into account the need for students to have a balanced lifestyle. This includes sufficient time for family, recreation, and cultural activities where appropriate.

We believe that homework that enhances student learning:

- is purposeful and relevant to the student's needs
- is appropriate to the phase of learning (early and middle)
- is appropriate to the capability of the student
- develops the student's independence as a learner
- is varied, challenging, and clearly related to class work
- allows for student commitment to recreational, family, and cultural activities.

DRESS CODE

Dress Code Regulations

Under the Education Act 2006 the School Dress Code provides

- standards of what is acceptable in relation to clothing, including headwear and footwear
- standards of what is acceptable in relation to other aspects of the personal presentation of the students.

Purpose of the Dress Code

The Yarraman P-9 State School community believes in having a school uniform that is selected, supported, and endorsed by the Parents and Citizens' Association. The Parents and Citizens' Association believe the dress code:

- promotes a sense of belonging and pride in the school and community
- gives the school a unique identity
- creates a sense of equity for the students
- is practical in its application to a wide range of physical activities
- ensures students observe health, safety, and decency standards
- eliminates competition for brand name and "fad" clothing and the wearing of inappropriate clothes and accessories.

Implementation of the Dress Code

While it is expected that students will comply to the dress code the Principal may exempt students upon written request from the parent/caregiver. Grounds on which a parent/caregiver may seek exemption are:

- Religious, cultural, or ethnic
- Itinerant students
- Financial hardship
- Medical reasons supported by a doctor's statement

Compliance Obligations

- 1 Any student not wearing full school uniform, on arrival at school, must report to the Administration where the student will change into a school uniform that is provided.
- 2 Parents/Caregivers will be contacted by letter if students persistently breach the school dress code. This may include a request for a meeting to resolve difficulties.
- 3 Parents/Caregivers are asked to contact the school if there are circumstances preventing students wearing the school uniform on a particular day.

Sanctions for continual non-compliance with the school dress code include preventing the student from attending or participating in any activity for which the student would have been representing the school.

MOBILE PHONE AND ELECTRONICS POLICY

Rationale

The world in which we live today is part of the electronic age which brings with it remarkable new capabilities and a wide range of communication and electronic devices. It is certainly part of the lives of the next generation and has a significant role in their social and personal world. Part of their education needs to include the appropriate use and care for this valuable equipment. As a school, the ICT aspects of education are highly valued and care for this equipment is essential.

Care of Personal Equipment at School

Parents/Caregivers and students need to be fully aware that the school takes **no responsibility** for any mobile phone or electronic equipment that is brought to school. The responsibility for the safety and care of this equipment rests fully with the student. While every endeavour will be made to provide reasonable security and safe-keeping of this equipment at school, the student is ultimately responsible. Students who wish to hand in their phones and electronic equipment for safe-keeping can do so at the office and collect these items at the end of the day.

Use of Equipment at School

The use of mobile phones and electronic devices is not permitted within the grounds of Yarraman P-9 State School on school days.

Communication that results in upsetting other students will be considered **cyberbullying** and will be treated accordingly.

Under no circumstances are students to use devices to photograph other students at school.

Mobile phones and other electronic devices are to be **switched off** (not on silent, not on vibrate) and **out of sight** at all times during the school day. This includes time during breaks and time between classes when students may be moving to the next class.

Consequences of Misuse

Any device that is not used according to the above guidelines will be **taken from the student** and **held at the office**. A record of this will be completed and a signature is required when the item is collected from the office. For the first offence, a student may collect the item. Subsequent offences may require a parent/caregiver to collect. Continuous breaches may result in further consequences. Refusal to hand over a device when requested will also have very serious consequences. A member of administration will be called and suspension may result.

No Exceptions

There are **no** exceptions to the rule stating that **phones are off at Yarraman P-9 State School**. Students sometimes advise that they have a sick relative or similar event and need to be in contact with home. The school's position is that any **news needs to be communicated to the student through contact with the office** where students may speak to someone at home. Direct contact with the student without staff having prior knowledge may result in adding to the issue because staff are unaware of these circumstances.

What does this mean to parents/caregivers?

- 1 Negotiate with your child what items are to come to school. Parents/Caregivers have the initial say in this.
- 2 Determine whether your child will keep these items with them or hand them in to the office and use them only while in transit to and from school.
- 3 Ensure your child knows the correct use of this equipment at school. This will also be clearly outlined at school.
- 4 Support the measures taken by the school to ensure the equipment is used appropriately.

Support the school by having consequences at home for inappropriate behaviour at school. Some parents/caregivers may consider a delay in collecting the confiscated equipment as the consequence they have for this non-compliant behaviour.

PROHIBITED AND BANNED ITEMS

Prohibited items are those items prohibited by State Law: drugs, vapes, alcohol, cigarettes, lighters and matches, pornographic material etc., and any potentially dangerous items for example, weapons, sharp objects.

Bringing prohibited items to school will result in suspension and/or exclusion and possible referral to the Queensland Police Service.

Banned Items

- Nikko pens, Sharpies, permanent markers, and similar items
- White Out, Liquid Paper (correction tape is acceptable)
- Nail Polish, Make up
- Chewing gum, bubble gum
- Cameras and video cameras
- Fluorescent ballpoint pens producing ink that is near impossible to read
- Aerosol cans, spray cans (deodorant, paint, etc...)
- Hand-held computer games, iPads, tablets, radios, iPods, mobile phones
- Soft drinks and cordials

Banned items that are confiscated from students during the day can be collected after school on the first instance only for that year.

Banned items that are confiscated on second and subsequent occasions are to be collected by a parent/caregiver at their convenience.

COMPUTER NETWORK STUDENT USE POLICY AND RULES

After enrolling, each student will be issued with a username and password to access the system. Students should ensure that their passwords are kept confidential and not given to anyone else to use. Allowing others to use their username and password means that the student may be blamed for anything the other person does. That person will also have access to the student's printing credit and may be adding to the student's internet download quota.

Students are issued with \$5 printing credit after full payment of school fees. Print jobs are automatically charged at the rate of 10c per sheet. Further printing credit can be purchased from the office. This system has created a drastic reduction in non-essential printing and therefore a reduction in printing costs.

Internet and email use is controlled and monitored. An initial 5 MB (megabytes) of download is applied to all students with a further 120 MB applied after full payment of school fees. The total of 125 MB download has been calculated to be ample for a student's yearly educational, research and email usage.

The school network is part of a government network and is therefore subject to appropriate use. Students who abuse the network by downloading or accessing inappropriate material on the internet, sending inappropriate material or using offensive language in emails, interfering with computer equipment or files that they do not own or have permission to access, and/or loading software without permission will be subject to disciplinary action. This may result in exclusion from the email system, the internet, or the computer network for a period of time. Any such exclusion will not be considered as an excuse for not completing assignments or class work on time. An inability to access printing or the internet due to non-payment of school fees is also not considered as an excuse for not completing assignments or class work on time.

Software from home is not to be loaded on any computer. Students who wish to take assignments to or from home are expected to purchase a USB memory stick for this purpose.

Included in the enrolment package is a student licence to use the internet. Parents/Caregivers and students are required to read and sign this form. Access to the internet and email systems will not be granted until this form is signed, dated, and returned.

SECONDARY STUDENT RESOURCE SCHEME

Yarraman P-9 State School manages the Secondary Student Resource Scheme for Years 7 to 9 students endorsed by the Parents and Citizens' Association, with the main objective being to ensure that all students have the necessary resources for their education, and to save parents/caregivers money.

In return for a yearly fee of \$250, **Year 7, Year 8 and Year 9** students receive:

- textbooks and class sets
- reproduced (photocopying and printing) of worksheets and teacher-prepared material which complement the C2C*
- for Industrial Design and Technology: woodwork and workshop materials, workshop tools and personal protective equipment
- for The Arts: canvases, paints and acrylics
- for LOTE: craft and food required for cultural activities during class time
- for Home Economics: pantry ingredients and personal protective equipment
- for Science: consumables and materials
- Student ID card
- Student Diary
- School Yearbook – 1 per student
- Software licences to online subscriptions

*Our school implements the Australian Curriculum (C2C) across all Key Learning Areas. This means many teaching resources are needed to be printed rather than using textbooks.

The scheme provides this package for a set fee. It is not available in part. Items specifically excluded from the Scheme include:

- stationery items (see class book list)
- school activities that enhance the Curriculum such as Arts Council performances
- extra curricula activities such as selected camps, cattle club and enrichment activities

The Government Textbook and Resource Allowance supports the scheme. These Allowances are for students in Years 7 - 9.

The following conditions apply to the scheme:

- Students will supply their own personal requirements as outlined in the book list.
- Books issued to students are to be kept in good condition.
- Students may be responsible for up to the full cost of books that are negligently damaged or lost before any further resources can be borrowed.
- The school should be immediately notified of the loss of any book borrowed.
- All textbooks provided under the scheme remain the property of the scheme and must be returned to the Resource Centre when a student leaves or at the end of the school year.

- All scheme monies received by the school on behalf of the Parents and Citizens' Association will be banked in the school's general account, which is subject to annual audit.
- If a student commences at the school after first term, the fee is reduced on a pro-rata basis.
- If a student leaves the school having paid the fee, a pro-rata refund will be made based on a 40-week year. The refund is based on the full fee being Government Allowance and parent/caregiver fee, less the cost of consumed materials and/or the cost of replacing lost or damaged textbooks.
- Books and resources provided under the scheme cannot be issued to students whose parents/caregivers choose not to participate.

The Principal may refuse to admit a student to the scheme if there are hire payments overdue from the previous year.

Participation in the scheme is voluntary, and those parents/caregivers who join the scheme are required to pay a fee in return for their child to access materials and resources managed by the scheme. **Please note – if you choose not to participate in the scheme, you will be required to provide all the listed items yourself.**

All parents/caregivers, regardless of joining the scheme or not, will need to sign the Student Resource Scheme Participation Agreement Form indicating that the Terms and Conditions have been read.

The Secondary Student Resource Scheme is discussed with the Parents and Citizens' Association. The benefits to parents/caregivers are:

- the reduced costs associated with purchasing expensive textbooks which may only be used for a period of time
- the fee paid is significantly less than a family purchasing all the required texts
- the convenience of the school sourcing appropriate textbooks and purchasing the resources on behalf of the parents/caregivers.

Please sign the Student Resource Scheme form included in the Additional Forms for Enrolment Booklet.

Our payment methods are:

- Qkr!

Students will not be able to take home their projects until fees have been paid in full.

Statements of outstanding fees are mailed at the end of the month. Outstanding fees remain with the student until they leave the school.

Activities that do not have assessment requirements for example, rewards excursions, dances, camp, extra curricula activities, cannot be attended unless all fees are paid in full.

Please see our Business Manager to arrange a payment plan.

EXCURSIONS AND CAMPS

Excursions and camps are organised in order to extend student development in:

- Specific subject studies
- General knowledge and understanding
- Personal Development and Career related experiences.

Dress

- Full school uniform is to be worn.
- Sensible casual clothes are to be worn whilst students attend school camps.
- Relevant safety dress may need to be provided by students in some situations.

A letter outlining the activity's details, costs, itinerary and a parental consent form is always sent home for signing. It will indicate the dress standard required, catering, transport and any specific expectations for that activity.

Student Resource Scheme monies must also be up to date or a payment plan maintained before being able to attend this activity. Monies paid will be refunded only in cases of inability to attend due to illness, bereavement or exceptional personal circumstances. Private commitments, changing one's mind concerning participation or similar circumstances are not adequate reasons to seek refunds. Ideally, a decision will be made one week prior to an excursion about viability.

REFUND GUIDELINES FOR EXCURSIONS AND CAMPS

At Yarraman P-9 State School we are committed to providing a safe and supportive learning environment for students, staff, and volunteers. This commitment includes the health and safety of staff and students when conducting curriculum activities in the school or in other locations.

School excursions and camps enhance a student's learning by providing opportunities for the student to participate in activities, both curriculum-related and recreational, outside the normal school routine. All planned school excursions are approved by the Principal and endorsed by the Parents and Citizens' Association.

State Schools can charge a fee for:

- an educational service including materials and consumables not defined as instruction, administration, and facilities for the education of the students
- an educational service purchased from a provider other than the school where the provider charges the school
- a specialised educational program.

A school fee is directed to the purpose for which it is charged. School fees for excursions and camps are calculated on a cost recovery only basis, according to the number of students who have indicated their attendance. Participation of students in an excursion or camp is indicated through payment of the excursion or camp fee and provision of a permission form completed by the parent/caregiver.

As the school budget cannot meet any shortfalls in funding for an excursion or camp due to the subsequent non-participation of a student who had previously indicated attendance of the activity, fees already paid for an excursion or school camp may be refunded in full or in part or not at all, having regard to the associated expenses incurred and the circumstances of the non-participation.

If a parent/caregiver wishes to apply for a refund due to their child's non-participation in an excursion or camp activity, they may do so by completing a Request for Refund form available from the school office. Where possible, the request should include the receipt relating to the payment for which a refund is being sought. It is preferred that refunds be made as a credit against the student's account at the school, and used for any cost in the future.

Prep to Year 2 students are only permitted to borrow one book at a time.

Years 3 - 6 students may borrow two books at a time.

Our school does participate in Inter-Library Loans services however, strict conditions do apply. Currently, this service is only available to Teaching Staff and secondary students. Please see the Library Officer for further information.

Library staff are happy to place requests for items not held in our school collection, from a network of regional and state libraries. However, inter-library loans can take up to 14 days to arrive so it is crucial that orders are placed in advance.

PREP INFORMATION

Welcome to our Prep students and parents. This is an exciting time for you and your child as their educational journey begins at Yarraman P-9 State School.

Your child will be developing skills and knowledge through play activities and learning experiences including:

- Listening to, responding to and giving directions
- Understanding and using language to group, sort and describe objects and to communicate ideas, feelings and needs
- Developing literacy and numeracy through a range of learning contexts
- Becoming independent thinkers and problem solvers
- Learning how to cooperate with others
- Developing motor coordination skills

PREP HOURS

Prep hours will be the same as the rest of the school with the day commencing at 8.45 am and finishing at 2.45 pm. On special occasions there may be altered hours to suit an excursion or event. Prior notice will be given to all parents if this is to occur. The classroom is open from 8.30 am for students and parents.

Please be punctual when bringing your child to Prep. If they are late arriving they may miss important group time where explanations are given and learning experiences are explained. Prep children should be collected from the classroom promptly at 2.45 pm. Children can become worried very quickly if their friends have left Prep and they are still waiting to be collected.

WHAT TO WEAR

- Our Prep uniform is the same as the rest of the school.
- Closed in shoes suitable for indoor and outdoor play. **Velcro or slip-on** shoes are recommended so that your child can independently remove and replace them.

TOYS

While we do not wish to dampen your child's enthusiasm, we would appreciate if toys brought from home were limited to those received on a special occasion, for example, their birthday. Treasures can be lost or broken so they are best left at home.

TRAVEL TO AND FROM PREP

Children must be brought to and collected from school by a responsible adult known to the teacher. If at any time you arrange for someone else to collect your child, please inform the teacher of the arrangement. Parents should accompany their child to and from the prep room.

LEARNING IN THE PREP YEAR

The Prep Curriculum is used to determine curriculum content for English, Maths, History and Geography. All Prep students experience a curriculum that aligns with other Prep classes, in Queensland and Australia.

The Prep program allows children's interests to be developed and extended according to their individual needs on a daily basis.

A day at Prep can include these things:

- Group times
- Shared reading and computer times
- Indoor and outdoor activities
- Library borrowing
- Large and small group work
- SEL programs
- PE/Music
- Life Skills
- English and Maths sessions
- Geography
- Sharing Time
- History

What will my child learn?

The learning experiences in the Prep Year will help your child to:

- Take on responsibilities
- Develop their oral language
- Become more independent
- Develop early mathematical undertakings
- Respect other people
- Learn how to be thinkers and problem solvers
- Cooperate with others
- Use their imagination and creativity
- Make sensible choices about their health and safety
- Develop their early literacy understandings
- Learn about their environment
- Develop their physical skills

HANDWRITING

Give your child an advantage by providing the correct model when writing his/her name. For example, use a capital letter only for the first letter of their name and not capitals for all the letters.

John *not* *JOHN*

Young children must learn to write in lower case first. Methods of writing the letters of the alphabet have changed since parents were at school. It is easier if your child learns the correct form of the letters rather than something that has to be relearned once they are at school.

An example of QBeginners Cursive:

Aa Bb Cc Dd Ee Ff Gg Hh Ii Jj Kk Ll Mm Nn Oo Pp Qq Rr Ss Tt Uu Vv Ww Xx Yy Zz

PARENTS IN PREP

We love having parent helpers!!!!

Parents play an important and valued role in the education of their child and so we welcome parents becoming involved in our Prep program. There will be a calendar available for you to write your name against a day that suits you to come and if you are able to do that in advance it greatly assists our planning. Coming on roster will help you get to know the types of activities your child enjoys at school and it will also help you get to know your child's friends.

Parents are encouraged to volunteer in whatever way they are able

- ❖ Spend a day at Prep and see what happens
- ❖ Read the noticeboard and newsletters to stay informed
- ❖ Share hobbies and skills, interests or expertise you may have with the children, for example, playing an instrument, pottery, carpentry, cooking etc.
- ❖ Start collecting materials that we may use including:
cardboard, paper, cards, magazines, wrapping paper, foil, cellophane, crepe paper, cylinders, string, lace, ribbon, wool, buttons, material scraps, grocery bags, boxes, bottle tops, envelopes, soft woods, corks, cotton reels, vinyl, sandpaper, plastic containers and anything else that you may think is useful.

WHEN VISITING PREP

When you sign on for parent roster at Prep we want you to enjoy the day with your child. Please move among all the children during our activities throughout the day. When children approach adults it is important that we listen and communicate. Remember that children learn through doing and not having things done for them. Ask them lots of questions (For example, 'Tell me about your picture' instead of "What is it?") and be prepared to answer many questions as well.
